

# Zig-Zag Fold

**KEY:**

— Mountain fold     
 - - - Valley fold line from previous fold     
 - - - Mountain fold line from previous fold  
— Valley fold

Unprinted side of tile     
 printed side of tile     
 OR     
 printed side of tile

if there is more than one layer, upper layers will be darker (lightest on bottom darkest on top).

1. Fold circle tile in half

2. Fold in half again and then unfold

3. Fold corner a to center fold line b keeping top edges even.

your tile should look like this.

4. Flip the tile over. Fold top edge a down, aligning it with left side b and creasing along c

Your tile should look like this

5. Flip the tile over again. Fold top edge a down, aligning it with right side b creasing along c

Your finished tile should look like this.

Arrange 8 tiles as shown to form a medallion.

You can make a "mirror image" of by folding the tile from the left side instead of the right starting with step 3.

Alternate 4 mirror tiles with 4 regular tiles to make this medallion.
